With the conclusion of the ceasefire declared by the LTTE on Saturday they are now planning to commemorate a heroes' week, according to security sources.

The heroes' week commences on Tiger supremo Prabhakaran's birthday on November 26.

Security arrangements in the North and East have been strengthened to meet any Ti-

ger offensives launched during the week.

Last year during the same period Tigers overran Nagathivanthura-Pooneryn base complex.

Meanwhile the Tigers have started extorting large sums from leading Tamil businessmen in the East, security sources said.

Naval security had been strengthened in the seabelt between Mannar and Chilaw.
