

Troops flush out tigers lurking in East. (1994, October 03). *The Island*.

# Troops flush out Tigers lurking in East

By Norman  
Palihawadana

The Army and the Special Task Force (STF) yesterday launched a series of operations in the Batticaloa district following intelli-

gence information that over a hundred LTTE cadres had sneaked into the region from the North on a mission to disrupt civil administration, security officials

said. There is information that some suicide squad members had also infiltrated the district to mount attacks, these officials said.

Security forces and elite STF commandos have launched assaults at Vavunathivu, Kokkuvil, Thoppigala, Unnichichi and Wellaveli to flush out Tigers.
