

The year 1951 in retrospect . (1951, December 31). Observer.

THE YEAR 1951 IN RETROSPECT

Observer
31/12/51

KASSAPANA CURRENT: One of the major events of 1951 was the switching on of the Kassapana current in Colombo by Sir John Kotelawala (right). Above are shown some of the transmission lines at Norton Bridge.

BENEFITS OF CIVILIZATION: A significant step forward in the improvement in the conditions of the village is shown by the Backward Communities Development Board in these visits to the remote areas of the Island. Here Mr. W. A. Ekanayake, the Board's Chairman has a friendly chat with some Veddahs.
